AWS Cloud Virtual Internship (2022)

Google Cloud Career Practitioner (2023)

Responsibilities

Tech Lead @CyberCell

Member @Technojam

PROFILE

A collaborative team player committed to delivering quality work and making meaningful differences by leveraging experience in web-based application development.

PROFESSIONAL EXPERIENCE

AWS Cloud Virtual Internship – Cloud Developer Intern
Remote | July 2022 – Sep 2022

- Built and deployed cloud-based microservices using AWS (EC2, S3), Node.js, and MySQL, simulating production-level applications.

- Streamlined development using GitHub Copilot, while completing hands-on labs in serverless architecture and scalable backend design.

PROJECTS

Alumni Connect   - _Repo_, _Website_ **2024**

`React.js` `Node.js` `Tailwind`

- Led a team of 6 to develop a React web and mobile app for alumni networking.

- Built a responsive platform supporting 1,000+ users across multiple device form factors.

- Facilitated mentorship, networking, and collaboration via scalable, user-centric features..

AssistIQ   - _Repo_, _Website_ **2023**

`Full Stack` `Firebase` `AI/ML`

- Led a 6-member team over 10 weeks to build a responsive frontend for the AICTE approval portal.

- Integrated Firebase and an AI chatbot to streamline 5+ approval steps and reduce query time by 60%.

- Automated fee generation and improved approval processing for 100+ institutional stakeholders.

Fusion X   **2023**

- Built a cross-platform startup support platform, enhancing UX through 10+ tests to boost task completion by 30%.
